WHITE

LOCATION

Country: Spain

Denomination of origin: Terra Alta

Processing centre: Batea

VARIETIES

100% white Grenache

VINIFICATION

Fermentation at controlled temperature

AGEING

Young

TASTING SHEET

DESCRIPTION

This wine was born out of a conviction to offer a genuine Terra Alta product, namely the white Grenache, a third of the world's production of which is produced here, in our region. We combine old vineyards, which provide us with structure, with young vineyards which add freshness and vigour. This wine offers an excellent combination.

They are fermented separately and then a coupage is made between them with subsequent ageing with lees to round off the wine.

TASTING

Pale yellow with grey highlights, very bright. On the nose, it shows very fine and delicate but deep varietal aromas such as grapefruit, apricot, white flowers and green almonds. Displays a good balance and great freshness on the nose.

In mouth, it has a long trajectory, very candid and evocative, with a very round, fleshy, very fresh interlacing of white fruit and citrus. It is very clean, with native herbs and a luxurious acidity. Deep finish with very good persistence.

ACCOLADES
